

## NAPLES CITY COUNCIL AGENDA MEMORANDUM

Regular Meeting Date: April 3, 2013

Agenda Section: Regular	Prepared By: Mark Jackson, Director Department: Technology Services	
Agenda Item: 15	Legislative <input checked="" type="checkbox"/> Quasi-Judicial <input type="checkbox"/>	
<b>SUBJECT:</b> Approve the purchase of 22 Fujitsu T732 Convertible MDC, supply 17 Lund Tactical consoles and supply 17 AirLink GX440 LTE/EVDO/GPS for 4G LTE mobile broadband connectivity.		
<b>SUMMARY:</b> City Council is asked to approve the purchase of 22 Fujitsu T732 Convertible MDC Tablet PC's with built-in biometric scanners, 17 Lund Tactical console solutions for Naples Police Department's Ford Interceptor Sedan Vehicles and 17 AirLink GX440 LTE/EVDO/GPS for 4G LTE mobile broadband connectivity from Brite Computers in the amount of \$86,730.72.		
<b>BACKGROUND:</b> The current Panasonic Toughbook Laptops deployed in the 22 marked Police vehicles are unrepairable or beyond their useful life and do not meet the CJIS (Criminal Justice Information Services) requirement for dual authentication.  The Police Department and Technology Services worked together evaluating multiple solutions including the Panasonic Toughbook and Dell Ruggedized Laptop. The primary objective was to have a lower profile solution in the car to avoid obstructing the vision of the driver and deployment of the passenger airbag. Traditional solutions were unable to achieve the primary objectives so the Fujitsu T732 with the Lund Tactical low profile console were chosen. Brite Computers have a Florida presence in Sarasota, and work with at least three other agencies in the State, including Osceola, North Port and Broward; therefore, Brite Computers is available to provide required support.  The City Code of Ordinances recognizes the unique requirements and capabilities of data processing equipment and allows an exemption from the competitive bid process. Section 2-666. - Exemptions. (7) For telecommunications systems and information technology, including data processing equipment, systems software, and reproduction equipment.		
<b>FUNDING SOURCE:</b> Funds in the amount of \$71,020.51 are available in the FY 2012-13 Budget in CIP 13T08 – Police & Fire Notebooks for the 22 Fujitsu T732 Convertible MDC Tablet PC's and \$15,710.21 are available in the FY 2012-13 Budget in CIP 13T30 – Automatic Vehicle Location Equipment for the 4G LTE mobile broadband connectivity solution.		
<b>RECOMMENDED ACTION:</b> Approve the purchase of 22 Fujitsu T732 Convertible MDC Tablet PC's, 17 Lund Tactical consoles and 17 AirLink GX440 LTE/EVDO/GPS for 4G LTE mobile broadband connectivity in an amount of \$86,730.72.
